Please provide a brief description of the proposed development *

Looking to replace the two "Welcome to Dawson City" signs which are rotting. One to be at 1336 Front St. - Centennial Park, which was destroyed last year and fell over. Second to be at Canada 125 Park in South End which is currently still standing, but will likely not be for many more years. Frames will be built to replicate what was there, with sign design to look like what is attached.

Welcome To Dawson City

A large, rustic wooden sign stands on a wooden plank deck. The sign features the text "Welcome To Dawson City" in a stylized, light blue font with a dark outline. Below the text is a horizontal wooden plank with two circular emblems on either side. The sign is supported by two dark brown wooden posts. In front of the sign is a flower bed containing purple, yellow, and red flowers. The background shows a white building with red trim, a green lawn, and a forested hillside.
