Prospector Cabin

Housing project

By Marie Demers December 31, 2023

Brief presentation of the proponent

The proponent is a successful real estate investor who has made her successions by keeping on properties and house flipping. The link attached is one the house flipping executed by the proponent.

https://vimeo.com/urbanmeasure/download/827050857/5e7ff3faa1

Project description

The project is a prospector cabin community, which will allow multiple small units on its parcel, with the same concept as the new age tiny house community, but with the theme of the gold rush. The multi-unit residential cabins will be approximately 300 to 600 sqft, some only containing one level while others will also have a sleeping loft. With the total of 50 cabins occupying the lot the rest of the area will be left with trees.

The number of parcels required

All 5 parcel will be required

Description of the exterior design

The exterior will be in the inspired theme of the Gold Rush. Each unit will look like the olden day prospector cabins, filled with either wooden logs or wooden planks.

Approximate project's start and completion dates

The project will start on May 2024 and will be fully completed in November 2026.

Prospective tenants or purchasers

The prospector cabins will all be rented out to the local staff, students, or Dawson residents. The varied sizes of cabins will be able to welcome single individuals as well as families.

THCDC: An Energy Service Company Heating Dawson Renewably

A Presentation to the Dawson City Committee of the Whole February 06, 2024

 前

We are a not-for-profit corporation working on behalf of TH to:

- Help citizens to find good-paying and meaningful work.
- Assist the Nation to negotiate strong and fair agreements.
- Bring business and infrastructure development to the community.
- Create and oversee a diverse, sustainable, and impactful portfolio of opportunities.

As a not-for-profit working in multiple sectors, we have established ourselves as a social enterprise.

- We establish for for-profit companies as a general contractor to enable TH business access to larger market opportunities.
- We directly employ TH citizens where possible.
- We only retain sufficient profit to continue our operations.
- Excess funds are invested in developing new opportunities, provide training, and innovation.

THCDC as an Energy Service Company

THCDC envisions providing heat as a service company. We will negotiate a competitive price for heat based on:

- Material costs (i.e. cost of wood)
- Operational costs (machinery and fuel)
- Labour costs

An optimal price point for heat (kWh) will be managed by controlling the supply chain for biomass.

Heat will be provided via a district heating system made up of:

- A heat centre located on 20, Ladue Block G" .
- A district heating system extending from the heat centre, running parallel to York on TH owned properties and crossing 2nd Avenue, and through a pre-existing alley.
- District heating system is comprised of insulated lines running 4' underground.
- A processing yard located on settlement land in the Callison Subdivision.

Current Project Plan

Potential distribution line extension capable of providing biomass heat to municipal buildings

As an energy service company THCDC can provide benefits to the municipality by:

- Assistance with realizing municipal biomass resolution.
- Creating improved economies of scale that facilitate cost savings.
- Reducing capacity requirements (specialized labour)
- Externalized management costs
- Externalized risk and liability
- Improved costs savings (established fuel charge rather than variable OPEX costs).
- Facilitate GHG emission reductions

An energy service company can provide broader benefits to the community:

- Creating new employment opportunities for citizens and the greater community.
- Creating demand for new products.
- Providing new training opportunities and program development.
- Revenues create knock in effects in the form of new business opportunities through additional business lines for THCDC.
- Possibility of increased emergency resilience, energy security, food security (greenhouse construction), etc.

1111 1111

Timeline

- Predesign (35%)
- Detailed Design (90%)
- Mobilization
- Secure Heat Purchase Agreements Win
- Construction
- Commissioning
- Implementation of HPA

June 2024 Fall 2024 Winter 2024/25 Winter 2024/25 Summer 2025 Fall 2025 Winter 2025

Next Steps

- Council resolution for staff to work with THCDC.
- Negotiate memorandum of understanding to support funding agreements.
- Negotiation of heat purchase agreement once funding is secured.

Recommendation

That Council:

- A. Direct the Recreation Board to act as the Local Advisory Group to the Project Management Team in the design and construction of a New Recreation Centre in Dawson City. And that Council direct the Recreation Board chairperson to participate in the Project Management Team.
- B. Appoint Brent Macdonald and Janice Cliff* to terms on the Recreation Board, commencing immediately and terminating on October 31, 2025.

Executive Summary

At Council Meeting C24-01, Council requested more information on the potential formation and utilization of a local advisory group in the design and construction of the New Recreation Centre.

Administration reviewed the role of local advisory group played at other successful (on budget and timeline) recreation centres builds. From our research, the benefits of utilizing advisory groups in major capital projects included:

- Creation of collaboration within community, which leads to an understanding and trust in government process and facility design, as well as overall pride in the final product.
- Increase of urgency to proceed in project and complete it on time and on budget.
- Decrease in functional modifications to facilities following construction, as more attention is given to details that pertain to the functionality and operation of the facility by users and organizers themselves.

At this time, we recommend utilizing the City of Dawson Recreation Board, as it is already established according to the Municipal Act, has functional structure, reputable members, and is already delegated responsibility as an advisor to Parks and Recreation through Bylaw #01-02 (attached) to act in an advisory role on all matters related to Parks and Recreation. Additionally, we recommend that Council direct the chairperson of the Recreation Board to participate in the Project Management Team.

Currently the Recreation Board has 3 vacancies. As such, we further recommend that Brent Macdonald and Janice Cliff* be appointed by Council to terms commencing immediately, and terminating October 31, 2025, as per bylaw #01-02.

*Unconfirmed at the time of writing.

Background

In 2017, City of Dawson Council decided to begin planning for a new recreation facility (C17-29-13) to replace the *Art and Margaret Fry Recreation* and the amenities within it (skating rink, two sheets of curling ice, and support spaces for these amenities).

Administration commenced with Yukon Government's Infrastructure Branch and Tr'ondëk Hwëch'in, creating the **Project Management Team**, to act as project lead. Work to-date has resulted in a decision on the location of this facility (C-19-13-08) at the intersection of Dome Road and the Klondike Highway (Lot 1059, Quad 116 B/3).

Through a Feasibility Study in 2019, community engagement and options were presented to Council. Based on this study, schematic design proceeded and was discussed and received Council direction at meeting C21-19-12 & C23-08. However, as schematic design evolved, cost estimates were also gathered for the capital and operation & maintenance of the proposed building. At Council Meeting CW23-17 on December 5, 2023, Council was presented with an update that estimated costs of capital expenses around \$103 million and operating costs at \$1.5 million annually. These capital costs were substantially higher than previous iterative cost estimates and substantially higher than committed capital funding.

The Yukon Government has committed \$65 million in capital funding to the project, through an ICIP Federal Infrastructure funding program that requires the completed application in September of 2024. There is concern that the funding program may change after this intake and funding for Recreation Infrastructure is uncertain.

As a result of these estimates, Administration and Council discussed this matter at meeting C23-19 on December 19, 2023, where Council directed administration to develop a strategy to work within the \$65 million budget.

At Council Meeting C24-01, Administration recommended that a progressive design-build procurement model be undertaken on this project, which Council approved of. Administration further suggested that a Local Advisory Group be utilized in the planning process, for which Council requested additional information and discussion.

Discussion / Analysis

• <u>Role of Recreation Board</u>: The Recreation Board aims to "enhance, in cooperation with City staff, the delivery of recreation services to the citizens of Dawson by determining the needs of the citizens and, to the extent possible, developing and delivering recreational programs and facilities to meet those needs" (*Role of the Recreation Board* -attached). Operationally, the board provides recommendations, that administration can enact or not, based on their judgement. From a governance perspective, the Board makes recommendations to Administration, who includes that recommendation and considers it as part of the report it provides to Council, upon which Council retains the authority to approve, modify or repeal.

In the Development and Direction section of the *Role of the Recreation Board,* it states that "*The Board shall be asked by Council to appoint one or more members to a recreation steering committee or recreation project management team*" As such, Council has the authority, by resolution, to direct the Recreation Board to act as a local advisory group to Administration for the New Recreation Centre and to appoint a member to the Project Management Team.

• Suggested Roles within this project:

- Project Management Team: Is involved on all matters related to this project. On key deciding factors (see *Council & Key Decisions* section below) the Project Mgt Team would collaborate to make recommendations to Council for final decision.
- Recreation Board: Advise Project Management Team on all aspects of the project from design to
 occupancy. We would expect to utilize the same guidelines for the Recreation Board as governed by
 Bylaw #02-01. More importantly, they are utilized to provide quick responses on matters of detailed
 design and in the functionality and operation of the facility reflective of the desires of the users and
 user groups. There could be concerns about the increased responsibility and participation this will
 result in for the Committee and its members. However, given the value this facility will play in shaping
 the future of recreation in our community, it could be argued that it is justifiable.
- Council & Key Decisions: Remains authority to provide high-level decisions and direction on this
 project. Is involved at key decision points to review and approve the recommendations made by the
 Project Management Team. At this stage we anticipate the following items to be discussed and
 decided by Council:
 - 1. Prioritization of Amenities
 - 2. Review General Concept and Configuration
 - 3. Approval of Design

<u>Recreation Board Members</u>

 The board comprises 6 regular members as well as one seat for a Tr'ondëk Hwëch'in-appointed member. All members are appointed by Council for two-year terms. Currently there are 4 members (Peter Menzies – Chairperson, Monna Sprokkreef, Dawn Kisoun, and Megan Macdougall). At this time, we have three vacancies on this board. At this time, we recommend that Council appoint Brent Macdonald and Janice Cliff* to the Board. Furthermore, we have reached out to Tr'ondëk Hwëch'in for an appointee and are awaiting confirmation.

*Unconfirmed at time of writing

Fiscal Impact

The expected costs associated to utilizing an advisory group would be negligible.

Alternatives Considered

- **Establish a New Advisory Group:** This option was initially considered the primary option and is an alternative that could be implemented. Would require recruiting and establishing a new committee with new terms and reference, for a temporary timeline. The fact that this group, and the terms and reference would be unproven, presents challenges and creates work, that may not be necessary, given that we have an established committee within the framework of our municipal governance.
- **Proceed without an advisory group:** The project could proceed and function without the inclusion of an advisory group, however this alternative could present challenges in getting community buy-in on the project, and receiving user feedback in an expedited manner, which may create more risk for the functionality of the project.

Next Steps

- If approved, Administration will host an orientation meeting with the Advisory Group to commence involvement in project.
- Project Management Team, with advice from Advisory Group, will make recommendations to Council on the Priorities of Amenities to be included in the facility.
- Yukon Government will draft a tender to hire a design-build contractor to begin the collaborative Progressive Design Build process.
- The contractor develops and determines an initial design (General Concept & Configuration), that includes as many of the amenities as it can, based on the direction (Prioritization of Amenities) and budget provided.
- Once approved, this initial design is refined with the client to create a final design, which includes a fixed cost. Assuming Final design is approved, and relationship with contractor is functioning well, the project moves onto construction with the same contractor. (*Approval of Design*).

THE TOWN OF THE CITY OF DAWSON

BYLAW #01-02

A Bylaw to establish a Recreation Board.

WHEREAS the Municipal Act, Chapter 19, Part 4, Division 2, Section 179, Acts of the Yukon Territory and amendments thereto provides that the Council of a Municipality may by bylaw delegate any of its powers, duties or functions to a board; and

WHEREAS the Council has previously delegated certain of its powers, duties and functions related to recreation services to a board; and

WHEREAS the Council is desirous of updating the bylaw by which those powers, duties and functions were previously delegated;

NOW THEREFORE, pursuant to the provisions of the Municipal Act of the Yukon Territory, the Council of the Town of the City of Dawson, in open meeting assembled, HEREBY ENACTS AS FOLLOWS:

1.00 SHORT TITLE

1.01 This Bylaw may be cited as the "Recreation Board Bylaw".

2.00 STRUCTURE AND MEMBERSHIP

- 2.01 The Board shall have six regular members appointed by resolution of Council and may have such other members as provided for under this bylaw. Regular and other members may serve consecutive or succeeding terms.
- 2.02 Unless otherwise stipulated in this bylaw, appointments to the Board shall be for a period of two years; with three members' terms expiring on October 31 of even numbered years and three members' terms expiring on October 31 of odd numbered years.
- 2.03 Where a vacancy occurs on the Board in mid-term, Council may appoint a replacement member whose term shall expire at the time the term of the person being replaced would have expired.
- 2.04 At the first regular meeting of the Board following October 31 in any year, the Board shall, by resolution, appoint one of its members as Chairperson and one of its members as Vice Chairperson.
- 2.05 Regular members shall have the right to participate in all Board activities and to vote at Board meetings.

2.06 Where a regular member of the Board has failed to attend two consecutive regular Board meetings without the consent of the Board, Council may revoke the appointment of that member.

3.00 HONORARY MEMBERS

- 3.01 Council may appoint one or more honorary members to the Recreation board for terms ranging from one year to life at the discretion of Council.
- 3.02 Honorary members appointed under this part shall have all the rights and privileges of a regular member.

4.00 TR'ONDËK HWËCH'IN MEMBERSHIP

- 4.01 Upon the request of the Recreation Board, the Tr'ondëk Hwëch'in may appoint a member to the Board.
- 4.02 A member appointed under this part shall be appointed for two years, with the appointment terminating on the October 31st nearest to the end of the two year period. Members may serve consecutive or succeeding terms.
- 4.03 A member appointed under this part shall have all the rights and privileges of a regular member.

5.00 ADVISORY MEMBERS

- 5.01 The Recreation Board may appoint such advisory members to the Board as deemed appropriate by the Board.
- 5.02 Such advisory members shall be appointed to a term of one year but may serve consecutive or succeeding terms.
- 5.03 Advisory members shall not have voting privileges but shall enjoy the other rights and privileges of regular members.

6.00 MEETINGS OF THE BOARD

- 6.01 The Recreation Board shall schedule regular meetings to be held at least once every month on a regularly scheduled day and hour.
- 6.02 The Recreation Board Chairperson or any two members of the Recreation Board may call special meetings as deemed necessary, provided that forty eight (48) hours notice is given to all Board members.
- 6.03 Three (3) members of the Recreation Board, exclusive of Advisory members, shall constitute a quorum of the Board.

6.04 Minutes of Recreation Board meetings shall be recorded and are the property of the City of Dawson. A copy of the approved minutes of each meeting shall be provided to Council.

7.00 ROLE OF THE RECREATION BOARD

7.01 Council, by resolution, may establish the Role of the Recreation Board and may from time to time, by resolution, amend that role.

8.00 FINANCES

8.01 With the exception of the Dawson Recreation Board Discretionary Grant Fund, any finances, the direction of which is delegated to the Board by the City, are the property of the City and shall be administered in accordance with the Public Lottery Regulations and shall conform with criteria established by the Recreation Board and Council.

9.00 REPEAL

9.01 Bylaw #88-19 is hereby repealed.

3.00 ENACTMENT

3.01 This bylaw shall come into full force and effect on the final passing thereof.

City of Dawson Report to Council

Agenda Item	RFP – Heritage Management Plan and Heritage Bylaw		Council Decision
Prepared By	Planning and Development	x	Council Direction
Meeting Date	February 6, 2024		Council Information
References (Bylaws, Policy, Leg.)			Closed Meeting
Attachments	Request for Proposals		

That Council direct Administration to release the attached RFP for comprehensive Review of the Heritage Management Plan and Heritage Bylaw.

Executive Summary

There has been a consistent demand for the review of the Heritage Management Plan from various community groups, residents, and the TH Government over the past few years. It has been argued that the City of Dawson heritage documents fail to accurately represent the Tr'ondëk Hwëch'in culture and do not provide adequate guidance for the Heritage Advisory Committee to advise on projects. Furthermore, it came to our attention that Council had previously shown support for a review of these documents. After carefully considering the different factors, including the management of heritage resources in Dawson, the importance of improving the Development Permit process to tackle housing challenges, and consulting with various stakeholders such as the Heritage Advisory Committee, TH staff, Government of Yukon Historic Sites, and Parks Canada, staff has prepared the attached RFP for a comprehensive review of the Heritage Management Plan and Heritage Bylaw.

Background

The current Heritage Management Plan was adopted in 2008. This document is unable to keep up with the rapid changes that Dawson City has experienced in recent years.

Discussion / Analysis

The attached RFP includes Schedule A, which provides details on the scope of work, deliverables, and milestones for the comprehensive review of the Heritage Management Plan and Heritage Bylaw. Staff is currently engaging in discussions with various stakeholders to ensure that this RFP meets their specific requirements. As a result, the Scope of Work may be slightly modified to accommodate their input. By involving multiple government bodies such as TH, YG, and Parks Canada, staff is hopeful that the City will receive financial support for the project.

The main focus of the project will be:

- 1. Engaging residents and stakeholders
- 2. Representing and including the richness of First Nation culture
- 3. Preserving Dawson's valuable heritage resources
- 4. Enhancing the efficiency of Development Permit review processes
- 5. Promoting increased resident involvement in the Heritage Advisory Committee
- 6. Implementing proven strategies for heritage management
- 7. Creating and updating municipal inventory of historic sites
- 8. Implementing an easy-to-understand Heritage Management Plan and Design Guidelines for residents to easily adhere to
- 9. Implementing heritage preservation and promotion strategies to boost economic growth in Dawson City, with a focus on heritage tourism

Staff will ensure that the current Council has the opportunity to contribute their input to the updated Heritage Management Plan and Heritage Bylaw.

Fiscal Impact

The budget for this project will be sourced from external funding received by the City.

Alternatives Considered

That Council postpone the RFP release.

Next Steps

Staff will discuss the terms of the RFP with TH, YG, and Parks Canada before proceeding with its release.

TITLE: Comprehensive review of Heritage Management Plan and Heritage Bylaw

This AGREEMENT made effective as of this	day of	2024.
BETWEEN:		
City of Dawson (Hereinafter called the "City")		
ON THE FIRST PART AND:		
(Hereinafter called the "Contractor")		

ON THE SECOND PART

WHEREAS:

- a. The **City** is desirous of contracting the **Contractor** to perform the duties and functions described in the duties attached hereto as "Schedule A" [Term of Reference];
- b. The Contractor has the knowledge and skills and expertise to perform the Duties;
- c. The Contractor has a valid Business Licence with the City;
- d. The **Contractor** and **City** have agreed to enter into a contract upon the terms and conditions hereinafter set forth:

NOW THEREFORE THIS AGREEMENT WITNESSETH that in consideration of the mutual covenants and agreements contained herein, and for the good and valuable consideration, the parties hereto covenant and agree as follows:

Section 1 Terms

- The City shall contract the Contractor for a term commencing on: The _____ day of ______, 2024.
- And terminating on:
 The _____day of ______, 2025.

Section 2 Duties of Contract

a. The **Contractor's** duties shall be as described in the Project Description attached hereto as "Schedule A".

- b. All Services contemplated by this Agreement shall be performed in the manner set out in this Agreement and in compliance with such requirements as shall be reasonably made by the **City** officials designated to administer this Agreement, and in compliance with all statutes and regulations relating to the operations, inclusive of City Bylaws.
- c. The **Contractor** shall comply with all reasonable requirements established by the **City** for the performance of the Services.
- d. The **Contractor** shall follow all Federal, Territorial, and Municipal standards, procedures and regulations that apply to health and safety with respect to the provisions of the Services.
- e. The **Contractor** shall provide the Services and will carry out the work in a good and workmanlike manner, exercising good public relations at all times.
- f. The work site shall be kept in a clean and neat manner, free from all foreign material to the work at all times at the discretion of the **City**.
- g. Protection of Property
 - i. Any damages resulting from or attributed to the **Contractor's** action are to be made good by the **Contractor** at no extra cost to the **City**.
 - ii. Damages will be repaired prior to termination of the contract.
 - iii. Damages will be repaired to specifications and standards provided by the Planning and Development Manager and Public Works Manager.
 - iv. The **Contractor** shall be liable to the **City** for any loss or damage to any property of the **City** arising out of the performance of the Work whether or not such loss arises from causes beyond the **Contractor's** control.
- h. The work is to be carried out by competent workers, fully capable of delivering the highest standard of results under the work of this contract.
- i. Neither the whole or any part of the work may be subcontracted by the **Contractor** without the Consent of the **City**, and every approved subcontractor shall incorporate all the terms and conditions of the contract which can reasonably be applied thereto. Nothing contained in the contract documents shall create any contractual relationship between any subcontractor and the **City**.
- j. The **City** reserves the right to inspect any or all jobs and any time.
- k. Failure by the **Contractor** to provide the described services in compliance with the terms and conditions of the contract, may result in the owner subcontracting the work to a third party, all additional costs to be borne by the **Contractor**.

Section 3 Remuneration

Upon completion of this contract, the City agrees to pay the Contractor:

_____ plus GST.

- a. The **City** shall provide payment for approved services rendered as invoiced upon completion of the duties as outlined in "Schedule A".
- b. The **Contractor** agrees and understands that there will be no advances of payment under any circumstances or conditions.
- c. Subject to applicable legislation, a holdback of ten percent (10%) of the work performed and the materials supplied under the terms of the Contract will be enforced. Within 30 days after Total Performance of the Work as certified by the **City**, the **City** shall pay the **Contractor** the unpaid balance of the holdback monies.
- d. The **Contractor** will add GST to all rates listed above.

Section 4 Confidentiality

The **Contractor** shall not disclose the private affairs of the **City** other than as authorized by the **City** and shall not (either during the continuance of this contract by the City or at any time thereafter unless specifically authorized in writing by the **City** in that regard) use for his own purpose or for any purpose other than those of the **City** any information he acquires in relation to the **City**.

Section 5 Performance Bond

For Work valued at \$100,000.00 or greater, the **Contractor** shall provide the **City** with a final security from a duly licensed surety company in the form of a performance bond and a labour and materials payment bond in respect of the Work or written undertaking from the Bidder.

Section 6 Insurance and Indemnity

- a. The **Contractor** shall indemnify and save harmless the **City** from all claims, judgments, liabilities, damages, causes of action, demands, losses and costs that may arise as against the **City** by virtue of the operations of the **Contractor** under this Agreement.
- b. The Contractor shall, at his own expense, maintain insurance in the name of the Contractor, including the City as additional insured against liabilities or damages in respect of injuries to persons (including injuries resulting in death) and in respect to damage to property (including the facilities and property of the City) arising out of the performance of this Agreement until completion of this Agreement, including, without limiting the generality of the foregoing, public liability and property damage insurance.
- c. The insurance policies maintained under sub-Section 6.b) above shall:
 - i. include the following "Cross Liability" clause: "the insurance as is provided by this policy shall apply in respect to any claim or action brought against any one Insured by any other Insured. The coverage shall apply in the same manner and to the same extent as though a separate policy had been issued to each Insured. The inclusion herein of more than one Insured shall not operate to increase the limit of the Insurer's Liability".

- ii. cover the cost of defense or adjustment of claims over and above the money limitations of the policies;
- be in an amount of not less than \$2,000,000.00 (Two Million Dollars) for any one accident for general public liability to third parties, property damage and automobile, and other vehicular coverage for public liability and property damage if the **Contractor** is utilizing his equipment;
- iv. require the insurers to give thirty (30) days' notice, to the **City**, prior to cancellation or expiry of the insurance or of any proposed material changes in such policies.
- v. provide proof to the **City** by way of "Certificate of Insurance" issued by the Insurance Company.
- d. The insurance policies maintained under sub-section 6.b) above may be issued with a deductible amount of not more than \$2,500.00 (two thousand five hundred dollars). The amount of any loss up to the deductible limit shall be borne by the **Contractor**.
- e. Upon signing of this agreement, the **Contractor** shall deposit with the City a Certificate of Insurance verifying the insurance requirements of this contract.

Section 7 Termination

- a. The **City** may terminate this Agreement by giving two (2) weeks' notice in writing to the **Contractor** which is sent by Registered Mail to the address in Section 8. b); or by giving notice in writing to the **Contractor** which is sent by Registered Mail to the address in Section 8. b) if the **Contractor**
 - i. at any time for cause, including, without limitation, a breach of any covenant of this Agreement;
 - ii. fails to complete the Services of any portion thereof within the time limit as specified herein;
 - iii. becomes insolvent;
 - iv. commits an act of bankruptcy;
 - v. abandons the Services to be provided herein;
 - vi. assigns this Agreement without the required written consent;
 - vii. fails to observe or perform any of the provisions of this Agreement; or
 - viii. has any conflict of interest which may, in the opinion of the **City** have an adverse effect on the provision of the Services.
- b. The Contractor, upon termination of this Agreement for any of the reasons set out in Section 6. a), shall be liable to, and upon demand, shall pay to the City an amount equal to all loss or damage suffered, both directly and indirectly by the City as a result of the non-completion of the Services of the Contractor. If the Contractor fails to pay the City for any such loss or damage on demand, the City shall be entitled to deduct the same from any payments due and payable to the Contractor as well as exercise any other remedies available to the City. Any dispute as to what constitutes loss or damage suffered may be decided by arbitration.
- c. The **Contractor** agrees that termination of this Agreement or a change to the Services to be provided under this Agreement in accordance with "Schedule A" does not operate so as to relieve

or discharge the **Contractor** from any obligation under the Agreement, or imposed upon it by law, in respect of the Services, or any portion of the Services, that it has completed.

- d. Subject to Section 7. b), the **City** shall, in the event of termination of this Agreement, pay to the **Contractor** all amounts for completed work due to the **Contractor** in accordance with this Agreement to the date of termination. The **City** shall have no further liability of any nature whatsoever to the **Contractor** for any loss of profit or any other losses suffered either directly or indirectly by the **Contractor** as a result of the termination of this Agreement.
- e. The **Contractor** shall, upon termination, forthwith deliver to the **City** a reproducible copy of all materials used by the **Contractor** or prepared by the **Contractor** in relation the provision of Services.

Section 8 Miscellaneous

- a. The **Contractor** shall remit to the Receiver General of Canada such deductions as may be required under any of the *Income Tax Act* (Canada), the *Unemployment Insurance Act* (Canada) and the *Canada Pension Plan Act* and Yukon Workers Compensation Board in respect to remuneration paid by the **City** to the **Contractor**.
- b. All notices, requests, demands or other communications required by this Agreement or desired to be given or made by the parties hereto shall be given or made by personal delivery or by mailing the same in a sealed envelope, postage prepaid, registered mail, return receipt requested, addressed to:

The City:

The Contractor:

or such other address as may be from time to time be designated by notice given in the manner provided by this paragraph.

c. Unless otherwise expressly provided in this Agreement, or unless otherwise expressly agreed in writing, time shall be of the essence of this Agreement and every part thereof.

- d. The City and the Contractor hereto hereby agree that this Agreement expresses the entire and final agreement between them and has not been induced by, nor do either of them rely upon or regard as material, any conditions, warranties, representations or promises not expressly set forth in this agreement. No alteration, amendment or qualifications to this Agreement shall be valid unless in writing and executed by both parties hereto.
- e. This Agreement shall be deemed to have been made in and shall be construed in accordance with the laws of the Yukon Territory.
- f. The provisions of this Agreement shall be deemed to be savable and the invalidity or nonenforceability of any provision shall not affect the validity and enforceability of the other provisions hereof. If any provision of this Agreement is held to be too broad in scope or otherwise unenforceable, such provision shall be interpreted in such way as to affect the intents and purposed hereof most effectively.
- g. This Agreement shall inure to the benefit of and be binding upon the heirs, executors, administrators, or other legal personal representatives of the **Contractor** and the successors and assigns of the **City**, respectively. Notwithstanding the foregoing, this Agreement is personal to the **Contractor** and may not be assigned by the **Contractor** without prior written approval of the **City**.

1.0 Objectives

The City of Dawson is seeking proposals from experienced heritage planning consultants to undertake the task of revising the Heritage Management Plan (HMP) Heritage Bylaw (HB), and Design Guidelines (DG). The goal of this project is to develop practical and forward-thinking strategies and policies to improve heritage conservation initiatives, while actively involving and engaging the wider community. This will result in a deeper comprehension and sustained preservation of the City's valuable heritage resources, as well as the establishment of a well-functioning municipal heritage management program.

2.0 Background

Dawson City, located in the center of the Yukon, is known as the heart of the Klondike Gold Rush. In 1898, it flourished as a bustling city with a population of 30,000. Dawson City lies within the traditional territory of the Tr'ondëk Hwëch'in. Each year, the area attracts 60,000 visitors who are drawn to its rich gold rush history, vibrant First Nations culture, and breathtaking natural landscapes. Dawson City, recognized as one of the eight heritage locations in the Tr'ondëk-Klondike World Heritage site, was added to the UNESCO World Heritage List in 2023. Dawson is home to a thriving community who contribute to the local economy through various industries such as gold mining, tourism, the arts, and government services. Dawson provides a model for cooperative leadership. It is administered collaboratively by the City of Dawson Municipal Government and the Tr'ondëk Hwëch'in Government, with participation from the Government of Yukon and the federal government's Parks Canada.

Development in Dawson is overseen through the implementation of the Heritage Management Plan and Design Guidelines. Applications for a development permit in historic townsite must go through the evaluation process by the Heritage Advisory Committee. The Heritage Bylaw defines the duties and obligations of the Heritage Advisory Committee.

The Heritage Management Plan, adopted in 2008, outlines the procedures for heritage management and provides guidelines for architectural conservation and infill. The *Design Guidelines for Historic Dawson*, currently followed by the City of Dawson, produced by Parks Canada.

The City of Dawson has encountered different levels of success when it comes to implementing these documents, especially swhen dealing with new construction projects. These documents fail to accurately represent the richness of First Nation culture and do not provide adequate guidance for the Heritage Advisory Committee to advise on projects. Furthermore, in recent years, the HMP, DG, HB, and the application process have led to feelings of frustration, confusion, and scrutiny from the community.

3.0 Scope of Work

The project area is the City of Dawson, with a focus on the historic townsite. This project requires a comprehensive review of the Heritage Management Plan, Design Guidelines, and Heritage Bylaw. The project also involves merging the Heritage Management Plan and Design Guidelines.

The goals of the Heritage Management Plan (with Design Guidelines included) update are to:

- 1. Engage residents, community groups, organizations, elected officials, and other key stakeholders in identifying built and cultural heritage, and determining the best approach for the review;
- 2. Explore and implement proven strategies for heritage management;
- 3. Explore and consider heritage preservation and promotion strategies to boost economic growth in Dawson City, with a focus on heritage tourism;
- 4. Enhance the efficiency and effectiveness of the Development Permit review process in the City of Dawson while maintaining the heritage character of the community;
- 5. Review and amend the Heritage Bylaw to promote increased resident involvement in the Heritage Advisory Committee and streamline the development permit process;
- 6. Conduct a comprehensive study to verify and update the information on the Yukon Historic Sites Inventory, and establish a new inventory for the municipality;
- 7. Review the Heritage Management Plan, which covers a range of aspects such as updating the vision and objectives, character areas, procedures for heritage management, and tools for heritage conservation (including the procedure for demolishing historic structures), and incentives for conservation of historic places and process for recognizing heritage places;
- 8. Review and update the guidelines for infill to meet current residential construction and design needs;

3.1. Deliverables

The successful proponent will be responsible for:

- 1. Reviewing pertinent background information and delivering an assessment report. The background information includes:

- 2. With the assistance of the City of Dawson, forming an Advisory Committee consisting of key stakeholders and conducting meetings with the Committee to gain insights into the needs, interests, and preferences of stakeholders, as well as to gather feedback on the proposed modifications.

- 3. Presenting reports on the discussions held by the Advisory Committee to the Working Group
- 4. Conducting thorough research on effective strategies and plans for heritage management that can be implemented in Dawson, and providing a report.
- 5. Providing an updated Heritage Management Plan including but not limited to:
 - A forward-thinking approach to preserving Dawson's valuable heritage resources that considers the Standards & Guidelines for the Conservation of Historic Places in Canada and recognizes its unique heritage character as both a National Historic Site and UNESCO World Heritage Site.
 - Heritage Management Areas including:
 - statement of objectives to be achieved in each Area
 - statement of Areas' cultural and natural heritage value
 - a map establishing their boundaries
 - policies for alterations, or additions to non-heritage buildings within each Area
 - policies for new construction as infill development within each Area
 - streetscape and architectural component analysis for each Area
 - Design guidelines for
 - appropriate building materials, building elements, and overall approach for new construction or building alterations and additions
 - alterations to designated and adjacent buildings

Recommendation

That Council direct Administration to release the attached RFP for comprehensive Review of Official Community Plan and Zoning Bylaw.

Executive Summary

The current Official Community Plan stipulates that it must be scheduled for a comprehensive review at the first Council meeting of October 2023. This Request for Proposals is the first step in undertaking this review. The Municipal Act S. 283(1) states that "Council shall not enact any provision or carry out any development contrary to or at variance with an official community plan". Therefore, it makes logical sense that the OCP revision and ZBL revision occur simultaneously and by the same consultant to ensure that the Zoning Bylaw is consistent with the language in the OCP.

Background

On November 7, 2023, Council directed administration to bring to Council a plan to establish a methodology for conducting the Official Community Plan comprehensive review and schedule it for 2024.

Discussion / Analysis

Schedule A of the attached RFP outlines the scope of work, deliverables, and milestones for the comprehensive review of OCP and ZBL. Staff met with the TH Land and Resources Department prior to drafting the current RFP to gather their insights. Upon Council direction to proceed with the RFP, staff will collaborate with TH to ensure that their interests and requirements are addressed in the Terms of Reference. Therefore, the Scope of Work may be slightly adjusted based on TH's feedback. The City is hopeful that TH will be able to provide financial support for the project, as it is being pursued as a joint project. This requires further discussion with TH. The final budget for this project will be decided by considering the TH's potential contribution and the distribution of funding the City receives from external sources.

The new OCP will serve as a guidance tool for the next ten years. The primary focus of the project will be:

- 1. Promoting community engagement
- 2. Including interests and desires of Tr'ondëk Hwëch'in Government and citizens
- 3. Promoting a vibrant, sustainable city
- 4. Facilitating the provision of missing middle housing
- 5. Promoting economic growth of Dawson City
- 6. Exploring potential future land use needs for growth strategies

Even though the project cannot be completed by the end of the year, staff has made sure that the current Council will have the opportunity to provide their input on the project by incorporating it into the project's milestones.

Fiscal Impact

The budget for this project will be sourced from external funding received by the City.

Alternatives Considered

That Council postpone the RFP release.

Next Steps

Staff will discuss the terms of the RFP with TH staff before proceeding with its release.

TITLE: Comprehensive review of Official Community Plan and Zoning Bylaw

This AGREEMENT made effective as of this	day of	2024.
BETWEEN:		
City of Dawson (Hereinafter called the "City")		
ON THE FIRST PART AND:		
(Hereinafter called the "Contractor")		

ON THE SECOND PART

WHEREAS:

- a. The **City** is desirous of contracting the **Contractor** to perform the duties and functions described in the duties attached hereto as "Schedule A" [Term of Reference];
- b. The Contractor has the knowledge and skills and expertise to perform the Duties;
- c. The Contractor has a valid Business Licence with the City;
- d. The **Contractor** and **City** have agreed to enter into a contract upon the terms and conditions hereinafter set forth:

NOW THEREFORE THIS AGREEMENT WITNESSETH that in consideration of the mutual covenants and agreements contained herein, and for the good and valuable consideration, the parties hereto covenant and agree as follows:

Section 1 Terms

- The City shall contract the Contractor for a term commencing on: The _____ day of ______, 2024.
- And terminating on: The _____day of ______, 2025.

Section 2 Duties of Contract

a. The **Contractor's** duties shall be as described in the Project Description attached hereto as "Schedule A".

- b. All Services contemplated by this Agreement shall be performed in the manner set out in this Agreement and in compliance with such requirements as shall be reasonably made by the **City** officials designated to administer this Agreement, and in compliance with all statutes and regulations relating to the operations, inclusive of City Bylaws.
- c. The **Contractor** shall comply with all reasonable requirements established by the **City** for the performance of the Services.
- d. The **Contractor** shall follow all Federal, Territorial, and Municipal standards, procedures and regulations that apply to health and safety with respect to the provisions of the Services.
- e. The **Contractor** shall provide the Services and will carry out the work in a good and workmanlike manner, exercising good public relations at all times.
- f. The work site shall be kept in a clean and neat manner, free from all foreign material to the work at all times at the discretion of the **City**.
- g. Protection of Property
 - i. Any damages resulting from or attributed to the **Contractor's** action are to be made good by the **Contractor** at no extra cost to the **City**.
 - ii. Damages will be repaired prior to termination of the contract.
 - iii. Damages will be repaired to specifications and standards provided by the Planning and Development Manager and Public Works Manager.
 - iv. The **Contractor** shall be liable to the **City** for any loss or damage to any property of the **City** arising out of the performance of the Work whether or not such loss arises from causes beyond the **Contractor's** control.
- h. The work is to be carried out by competent workers, fully capable of delivering the highest standard of results under the work of this contract.
- i. Neither the whole or any part of the work may be subcontracted by the **Contractor** without the Consent of the **City**, and every approved subcontractor shall incorporate all the terms and conditions of the contract which can reasonably be applied thereto. Nothing contained in the contract documents shall create any contractual relationship between any subcontractor and the **City**.
- j. The **City** reserves the right to inspect any or all jobs and any time.
- k. Failure by the **Contractor** to provide the described services in compliance with the terms and conditions of the contract, may result in the owner subcontracting the work to a third party, all additional costs to be borne by the **Contractor**.

Section 3 Remuneration

Upon completion of this contract, the City agrees to pay the Contractor:

_____ plus GST.

- a. The **City** shall provide payment for approved services rendered as invoiced upon completion of the duties as outlined in "Schedule A".
- b. The **Contractor** agrees and understands that there will be no advances of payment under any circumstances or conditions.
- c. Subject to applicable legislation, a holdback of ten percent (10%) of the work performed and the materials supplied under the terms of the Contract will be enforced. Within 30 days after Total Performance of the Work as certified by the **City**, the **City** shall pay the **Contractor** the unpaid balance of the holdback monies.
- d. The **Contractor** will add GST to all rates listed above.

Section 4 Confidentiality

The **Contractor** shall not disclose the private affairs of the **City** other than as authorized by the **City** and shall not (either during the continuance of this contract by the City or at any time thereafter unless specifically authorized in writing by the **City** in that regard) use for his own purpose or for any purpose other than those of the **City** any information he acquires in relation to the **City**.

Section 5 Performance Bond

For Work valued at \$100,000.00 or greater, the **Contractor** shall provide the **City** with a final security from a duly licensed surety company in the form of a performance bond and a labour and materials payment bond in respect of the Work or written undertaking from the Bidder.

Section 6 Insurance and Indemnity

- a. The **Contractor** shall indemnify and save harmless the **City** from all claims, judgments, liabilities, damages, causes of action, demands, losses and costs that may arise as against the **City** by virtue of the operations of the **Contractor** under this Agreement.
- b. The Contractor shall, at his own expense, maintain insurance in the name of the Contractor, including the City as additional insured against liabilities or damages in respect of injuries to persons (including injuries resulting in death) and in respect to damage to property (including the facilities and property of the City) arising out of the performance of this Agreement until completion of this Agreement, including, without limiting the generality of the foregoing, public liability and property damage insurance.
- c. The insurance policies maintained under sub-Section 6.b) above shall:
 - i. include the following "Cross Liability" clause: "the insurance as is provided by this policy shall apply in respect to any claim or action brought against any one Insured by any other Insured. The coverage shall apply in the same manner and to the same extent as though a separate policy had been issued to each Insured. The inclusion herein of more than one Insured shall not operate to increase the limit of the Insurer's Liability".

- ii. cover the cost of defense or adjustment of claims over and above the money limitations of the policies;
- be in an amount of not less than \$2,000,000.00 (Two Million Dollars) for any one accident for general public liability to third parties, property damage and automobile, and other vehicular coverage for public liability and property damage if the **Contractor** is utilizing his equipment;
- iv. require the insurers to give thirty (30) days' notice, to the **City**, prior to cancellation or expiry of the insurance or of any proposed material changes in such policies.
- v. provide proof to the **City** by way of "Certificate of Insurance" issued by the Insurance Company.
- d. The insurance policies maintained under sub-section 6.b) above may be issued with a deductible amount of not more than \$2,500.00 (two thousand five hundred dollars). The amount of any loss up to the deductible limit shall be borne by the **Contractor**.
- e. Upon signing of this agreement, the **Contractor** shall deposit with the City a Certificate of Insurance verifying the insurance requirements of this contract.

Section 7 Termination

- a. The **City** may terminate this Agreement by giving two (2) weeks' notice in writing to the **Contractor** which is sent by Registered Mail to the address in Section 8. b); or by giving notice in writing to the **Contractor** which is sent by Registered Mail to the address in Section 8. b) if the **Contractor**
 - i. at any time for cause, including, without limitation, a breach of any covenant of this Agreement;
 - ii. fails to complete the Services of any portion thereof within the time limit as specified herein;
 - iii. becomes insolvent;
 - iv. commits an act of bankruptcy;
 - v. abandons the Services to be provided herein;
 - vi. assigns this Agreement without the required written consent;
 - vii. fails to observe or perform any of the provisions of this Agreement; or
 - viii. has any conflict of interest which may, in the opinion of the **City** have an adverse effect on the provision of the Services.
- b. The Contractor, upon termination of this Agreement for any of the reasons set out in Section 6. a), shall be liable to, and upon demand, shall pay to the City an amount equal to all loss or damage suffered, both directly and indirectly by the City as a result of the non-completion of the Services of the Contractor. If the Contractor fails to pay the City for any such loss or damage on demand, the City shall be entitled to deduct the same from any payments due and payable to the Contractor as well as exercise any other remedies available to the City. Any dispute as to what constitutes loss or damage suffered may be decided by arbitration.
- c. The **Contractor** agrees that termination of this Agreement or a change to the Services to be provided under this Agreement in accordance with "Schedule A" does not operate so as to relieve

or discharge the **Contractor** from any obligation under the Agreement, or imposed upon it by law, in respect of the Services, or any portion of the Services, that it has completed.

- d. Subject to Section 7. b), the **City** shall, in the event of termination of this Agreement, pay to the **Contractor** all amounts for completed work due to the **Contractor** in accordance with this Agreement to the date of termination. The **City** shall have no further liability of any nature whatsoever to the **Contractor** for any loss of profit or any other losses suffered either directly or indirectly by the **Contractor** as a result of the termination of this Agreement.
- e. The **Contractor** shall, upon termination, forthwith deliver to the **City** a reproducible copy of all materials used by the **Contractor** or prepared by the **Contractor** in relation the provision of Services.

Section 8 Miscellaneous

- a. The **Contractor** shall remit to the Receiver General of Canada such deductions as may be required under any of the *Income Tax Act* (Canada), the *Unemployment Insurance Act* (Canada) and the *Canada Pension Plan Act* and Yukon Workers Compensation Board in respect to remuneration paid by the **City** to the **Contractor**.
- b. All notices, requests, demands or other communications required by this Agreement or desired to be given or made by the parties hereto shall be given or made by personal delivery or by mailing the same in a sealed envelope, postage prepaid, registered mail, return receipt requested, addressed to:

The Contractor:

or such other address as may be from time to time be designated by notice given in the manner provided by this paragraph.

c. Unless otherwise expressly provided in this Agreement, or unless otherwise expressly agreed in writing, time shall be of the essence of this Agreement and every part thereof.

- d. The City and the Contractor hereto hereby agree that this Agreement expresses the entire and final agreement between them and has not been induced by, nor do either of them rely upon or regard as material, any conditions, warranties, representations or promises not expressly set forth in this agreement. No alteration, amendment or qualifications to this Agreement shall be valid unless in writing and executed by both parties hereto.
- e. This Agreement shall be deemed to have been made in and shall be construed in accordance with the laws of the Yukon Territory.
- f. The provisions of this Agreement shall be deemed to be savable and the invalidity or nonenforceability of any provision shall not affect the validity and enforceability of the other provisions hereof. If any provision of this Agreement is held to be too broad in scope or otherwise unenforceable, such provision shall be interpreted in such way as to affect the intents and purposed hereof most effectively.
- g. This Agreement shall inure to the benefit of and be binding upon the heirs, executors, administrators, or other legal personal representatives of the **Contractor** and the successors and assigns of the **City**, respectively. 1.0 Objectives

The City of Dawson is seeking proposals from experienced planning consultants to undertake the task of revising the Official Community Plan (OCP) and Zoning Bylaw (ZBL). The updated OCP should focus on establishing objectives and guidelines to inform decision making regarding planning and land use management over the next decade.

2.0 Background

Dawson City, located in the center of the Yukon, is known as the heart of the Klondike Gold Rush. In 1898, it flourished as a bustling city with a population of 30,000. Dawson City lies within the traditional territory of the Tr'ondëk Hwëch'in. Each year, the area attracts 60,000 visitors who are drawn to its rich gold rush history, vibrant First Nations culture, and breathtaking natural landscapes. Dawson City, recognized as one of the eight heritage locations in the Tr'ondëk-Klondike World Heritage site, was added to the UNESCO World Heritage List in 2023. Dawson is home to a thriving community who contribute to the local economy through various industries such as gold mining, tourism, the arts, and government services. Dawson provides a model for cooperative leadership. It is administered collaboratively by the City of Dawson Municipal Government and the Tr'ondëk Hwëch'in Government, with participation from the Government of Yukon and the federal government's Parks Canada.

Over the past few years, Dawson City has faced the impacts of various factors such as climate change, global economics, interest rate fluctuations, unconventional business models, shifting demographics, and population migration. These factors have resulted in tangible local consequences, including natural disasters, wildfires, floods, industry closures, limited housing options, housing affordability challenges, business investment choices, and impacts on tourism.

The OCP is a valuable tool for local governments to involve their community in shaping a forwardthinking and adaptable vision for the future. In order to make informed decisions, the City of Dawon must take into account the various aspects of a thriving community, including its economic, environmental, and social sustainability.

Therefore, the City of Dawson is seeking proposals from consultants who have a strong background in various areas such as master planning, urban design, transportation planning, community and stakeholder consultation, and land use regulation. The goal is to provide an Official Community Plan that is driven by a clear vision and will serve as a guide for the City of Dawson and its Council in making future decisions. To implement the new OCP, the City of Dawson is aiming to complete a ZBL update concurrently using an integrated approach.

Th City of Dawson OCP and ZBL were last updated in 2018. The OCP stipulates that it must be scheduled for a comprehensive review at the first Council meeting of October 2023. This Request for Proposals is the first step in undertaking this review.

3.0 Scope of Work

The City of Dawson is seeking the services of a qualified planning consultant to undertake a review of the City's Official Community Plan and Zoning Bylaw that align with the Yukon *Municipal Act* to guide land use and development for the next ten years. The review of the Official Community Plan and Zoning Bylaw will involve the following:

- 1. Create a fair, inclusive, and forward-thinking community engagement plan for future projects;
- 2. Create a strategy to actively involve Tr'ondëk Hwëch'in citizens and integrate indigenous perspectives and principles of reconciliation;
- 3. Explore potential future land use needs and consider different scenarios for growth strategies;
- 4. Explore and consider strategies and regulations for developing a vibrant city;
- 5. Review population and employment data and prepare projections to assist in providing appropriate metrics/context for the OCP and ZBL;
- 6. Enhance the efficiency and effectiveness of the Development Permit review process in the City of Dawson;
- 7. Develop strategies and regulations to support new residential construction, focusing on missing middle housing;
- 8. Create a new vision and update the goals and objectives of the OCP to address the current challenges faced by Dawson City and to drive economic growth;
- 9. Provide innovative approaches for successful implementation of goals and objectives;
- 10. Update the ZBL to effectively tackle the difficulties encountered by staff in the Development Permit process over the past few years;
- 11. Provide realistic and achievable goals and strategies to tackle housing challenges/requirements;
- 12. Enhance the clarity, intent, and ease of comprehending the OCP and ZBL by incorporating explanatory or illustrative diagrams.

3.1. Deliverables

The successful proponent will be responsible for:

- 1. Reviewing pertinent background information and delivering an assessment report. The background information includes but not limited to:
 - Municipal Act
 - City of Dawson Official Community Plan and Zoning Bylaw
 - Subdivision Bylaw
 - Dawson City Heritage Management Plan
 - TH Final Agreement and TH Self Government Agreement
 - City of Dawson Downtown Revitalization Plan
 - Klondike HWY Subdivision Parcel D/F Master Plan
 - Dredge Pond II Master Plan
- 2. With the assistance of the City of Dawson, forming an Advisory Committee consisting of key stakeholders and conducting meetings with the Committee to gain insights into the needs, interests, and preferences of stakeholders, as well as to gather feedback on the proposed modifications.

- 3. Presenting reports on the discussions held by the Advisory Committee to the Working Group.
- 4. Providing an updated Official Community Plan including but not limited to:
 - Public engagement plan
 - Updated vision and guiding principles
 - Updated implementation approaches
 - Updated land use designation (this may involve creating new designations)
 - The development of provisions which are supportive of missing middle housing
 - Revised land use maps
 - Recommendation for utilizing areas currently designated as Future Planning
 - The creation of provisions which are supportive of sustainable development
 - Diagrams, graphics, and images that illustrate key regulations and strategies
- 5. Providing an updated Zoning Bylaw including but not limited to:
 - Updated definitions (this may involve adding new definitions)
 - Updated general regulations and procedures
 - Updated zones (this may involve creating new zones)
 - Updated regulations and uses specific for each zone
 - Rationale for new/revised zones and regulations
 - The development of provisions which are supportive of affordable housing and innovative housing approaches, including secondary suites, reduced parking, setbacks and similar techniques
 - Ensure consistency of defined terms within all zone categories and exceptions
 - Mapping review and zoning map
 - Diagrams, graphics, and images that illustrate regulations
- 6. GIS data to support analysis and mapping for both OCP and ZBL

The revised OCP and ZBL should be presented in a clear and succinct written manner, avoid cross references, incorporate the use of tables in zone descriptions to simplify and clarify requirements, and be backed by pertinent statistics and information, and complemented by maps, photographs, and other visual materials. The City of Dawson shall acquire ownership of all original graphics and visuals.

3.2. Milestones

Phase		Description	Deliverable	Preferred timeline

The Project Manager will collaborate with the Consultant to establish the level of consultation. However, the successful Consultant will be responsible for providing a recommended consultation plan for the project in their proposal submission

The Consultant may be requested to attend additional one-on-one sessions with key stakeholders for further consultation. The additional meetings requested will be priced based on the consultant's hourly rates.

The successful proponent is responsible for preparation of draft notices, invitations, press releases, and minutes.

4.0 Management of the Process and Reporting

The Project Manager will be the City of Dawson Planning and Development Manager and shall be the primary point of contact with the proponent. The Project Manager will establish a Working Group. The Working Group will involve representatives from the City of Dawson, and Tr'ondëk Hwëch'in Government. The role of Working Group is to:

- evaluate all compliant proposals
- ensure that deadlines are met and key milestones are achieved
- review the reports
- review the final drafts
- provide guidance, feedback, and recommendations
- attend pertinent meetings
- provide the proponent with relevant information within their area of expertise
- provide the proponent with existing reports, background information, and inventory details
- provide the proponent with community group contacts
- provide a supportive role in organizing meetings

5.0 Resources

The total estimated budget for this project is **\$\$\$** CAD. The prices shall be firm and fixed and will not be exceeded unless prior written approval is obtained. All proposals must be in Canadian dollars. All applicable taxes must be listed separately.

Recommendations

That the Committee of the whole direct administration with regards to pursuing work with the Tr'ondëk Hwëch'in Government and the Tr'ondëk Hwëch'in Community Development Corporation to include City of Dawson buildings in their plans for a biomass district heating plant.

Executive Summary

A district biomass heat plant is currently in the planning stages to service buildings on Block D. The City of Dawson has an opportunity to tie into the planned district biomass heating plant to the following buildings: City Hall, the Public Works shop, and the Public Works wood shop.

Background

C22-21-04: "That Council direct Administration to pursue a propane/heat pump system and continue to investigate the feasibility of a biomass system for the administration and public works buildings."

Analysis

A district biomass heating system becomes more efficient as it scales up in size. This opportunity allows for the City of Dawson to use a renewable energy source as a primary heat source without having to hire specialized labour and at a reduced cost.

Installation of infrastructure will be required in the form of buried pipe and building upgrades. The Yukon Government Good Energy Program will be renewing their program after it closes on March 31st, 2024; biomass infrastructure will be included in the next funding stream.

Adding biomass heating will increase energy security in the form of having two sources of heat for our emergency services, both Fire Protection and Public Works.

CoD has moved forward with recent propane boiler upgrades with an understanding that a Biomas district heating system is under review and development and may offer an alternative heat source for City buildings.

Initial Operational Heat costs suggest that a financial impact analysis should be developed prior to CoD committing to the project.

Fiscal Impact

It is anticipated that heat costs will increase between 20% and 40% for each building if biomass heat is utilized. Resulting in an increase between \$10,000 and \$25,000 per year of heating costs.

Alternatives Considered

Owner operated biomass boilers and storage facilities are fiscally non-viable.

Next Steps

Fiscal analysis of district biomass heat supply to City of Dawson buildings including capital costs and funding commitments.

Dawson City Chamber of Commerce 1102 Front Street Dawson City, YT Y0B 1G0

The Town of the City of Dawson 1336 Front Street Dawson City, YT Canada

15 January 2024

Dear Mayor and Council,

On behalf of the Dawson City Chamber of Commerce (DCCC), we are writing to express our concerns regarding the recent Waste Management proposal put forth by the town. We have been approached by a large number of business owners and community members who feel that our Mayor and Council are not taking their objections seriously without the weight of a united voice to represent the business sector. Therefore, we have taken the time to connect with local business operators and have outlined their concerns below:

- The business community is already struggling with capacity, and we foresee this initiative being problematic for businesses that lack significant human or other resources. Implementing this proposal would require businesses to allocate additional resources to manage their waste, including hiring someone to handle waste disposal and maintaining a vehicle for transportation. This would place an unnecessary burden on businesses that are already facing numerous challenges.
- 2. Further to the above point, we urge the City to assess the impact this will have on our small businesses. Many small businesses do not produce a significant amount of waste, and it would be more appropriate to develop a program based on quantity, rather than affecting all commercial properties. Like other jurisdictions, the City should consider a 'Producer Pay Policy' or, better yet, create exemptions for businesses with net profits under a certain amount (i.e., \$100,000).
- 3. Unlike larger cities such as Whitehorse, our commercial district in Dawson City is centralized. Therefore, the pick-up process for waste disposal is not significantly more taxing on the City in terms of time and distance. We acknowledge that the frequency of pickups is taxing on your staff and equipment, but we urge you to evaluate removing waste pick-up entirely. Our commercial sector is not only important for our residents but also serves as a major driver for our tourism sector, contributing significantly to the economic impact and growth of our town. It is crucial to consider the effect that this proposal will have on our local businesses' ability to operate regularly and consistently.

- 4. Eliminating waste pick-up for commercial businesses will likely impact their ability to maintain high standards of health and safety due to capacity limitations. Forcing businesses to manage waste disposal entirely on their own could lead to potential health hazards and sanitation issues. Additionally, this initiative may discourage businesses from operating regularly, consistently, or even at all, which would have a negative impact on our local economy.
- 5. Small business operators who work from home, as well as residents in the Dome Subdivision, have expressed concerns about bi-weekly garbage pick-up. They are worried that the presence of garbage for an extended period may attract wildlife to their homes and businesses. Alternatively, they may face difficulties in storing garbage bags in their homes until the day before garbage collection.
- 6. While other jurisdictions may have successfully implemented similar waste management plans, it is important to note that Dawson City's business sector differs significantly from that of Whitehorse and Watson Lake. Currently, there are no independent contractors available to provide waste pick-up services in Dawson City. This means that businesses will have no other option but to transport their own waste. Moreover, businesses that choose to haul their waste will be subject to tipping fees, adding an additional financial burden to the non-residential community that is already taxed at a higher rate.

The DCCC acknowledges the City's objective of creating long-term, fiscally responsible decisions. However, we strongly believe that there is a better solution that will address the concerns raised by the business community. We respectfully urge the City to enhance its transparency regarding this plan. We kindly request that the community be provided with a specific number of properties and a comprehensive list of businesses that will be impacted by this proposed change of public service. This information will foster a clearer understanding among residents and promote an informed and engaged community. At the very least, we request more direct consultation with business operators before proceeding with the proposed Waste Management plan.

As you are aware, the DCCC was heavily affected by the Covid-19 pandemic and is currently undergoing some operational restructuring. Our apparent silence on this matter up until this point speaks to the current capacity of our business sector as it tries to rebuild after the challenges of the last several years.

Thank you for your attention to this matter. We look forward to engaging in further discussions and finding a mutually beneficial solution.

Sincerely,

April Gaudet President, Dawson City Chamber of Commerce From: kim biernaskie <kimbiernaskie@gmail.com>

Subject: Concerns Regarding Budget, Taxes, Council Proceedings, Emergency Response and Community Engagement

Dear Mayor Bill Kendrick and City Council Members,

I hope this message finds you in good health. I am reaching out to express concerns shared by members of our community regarding various issues that require your attention.

Firstly, there is growing worry about the continuous increase in costs reflected in each budget, potentially leading to higher taxes for residents. With the recent property assessments raised by the Yukon Government, the additional increase in property taxes planned by the City of Dawson feels like a double burden on the people living here. If implemented, it would result in Dawson City residents facing the highest mill rate in the territory, particularly concerning when considering ongoing projects such as the construction of a new recreation center, which could further escalate taxes annually. Will council commit to a public meeting prior to the second reading of the budget and tax increase to hear the concerns of citizens and allow ample time to consider changes and follow through with the required readings before implementing the new bylaw?

During city council meetings, there is a noticeable lack of thoughtful consideration and discussion on well-researched presentations by delegates. Public questions are only allowed after the mayor and council have voted on agenda items, limiting citizens' ability to influence decisions. In a recent meeting, I experienced restriction to only two questions during public question time, and attempting a third question was met with rudeness from the chairperson.

What about those citizens who don't voice their concerns at council meetings? I realize that council only hears a few citizens' voices during these meetings, but behind the scenes, we hear from many who do not have the patience or fortitude to withstand this cumbersome regulated process of communicating with our elected officials (or acclaimed officials). These silent citizens are our cheering section.

Another pressing issue is the significant growth in the city's staff, currently at 44 people, with 23 in public works. Out of a \$9 million budget, \$4 million is allocated to city worker wages. To address this, I recommend implementing a hiring freeze to evaluate the current staffing situation.

The proposal for waste and recycling curbside pickup in certain areas, where services have not been offered before, has raised concerns. Polling 36 households in Dredgepond Subdivision and the Dome Subdivision revealed only one person in favor of this new service. While the Chief Administrative Officer (CAO) has mentioned having sufficient staff, handling waste management and recycling internally is proving to be more expensive than when contracted out. Residents face difficulties using bins due to the lack of nearby dumpsters, leading to overflow issues. There are also challenges with the recycling depot being outside the city center, providing different services compared to CKS.

Despite numerous requests for a public meeting and increased transparency, it seems these calls for public input have been disregarded. Will Mayor and Council commit to meeting with their constituents in a public forum to explain the 9 million in spending? I'd like to refer to the

City of Dawson Code of Conduct for Mayor and

Councilors <u>https://www.cityofdawson.ca/Home/DownloadDocument?docId=a9c53527-24b3-4389-a6e8-c4366977a32d</u>, specifically Page 4 " ROLE OF COUNCILORS 1. A Councillor's primary role is to represent the community as a whole through the effective translation of the community's needs and aspirations into a future direction for the municipality. This is the focus of the Councillor's public life. 2. A Council is a body corporate and is the custodian of the assets of the municipality. A Councilor, being a member of the Council, is part of the leadership team in which the community has placed its trust to make decisions on its behalf. The community is therefore entitled to expect high standards of conduct from its elected representatives."

Communication issues during the recent flood events on May 8th and May 24th were a significant concern. Despite living within the municipal boundary, I was forgotten, twice, with no one checking on me or offering assistance during the flooding. This lack of communication created a dangerous situation for myself and others in the municipality. Even the Dawson City Fire Chief stated, "I had no idea this property existed." Are there no maps outlining the city boundaries? I've repeatedly inquired with Mayor and Council about scheduling a public meeting, but it seems the city is waiting for the Yukon Government to take up this task.

I expect our local government to be the first line of defense in a flood situation, not just in terms of protection but also in effective communication. Unfortunately, this didn't happen during the flood or in its aftermath. I have received official warnings from Sergeant John Mitchell and unofficial warnings from others about severe ice jams between the Yukon River and my residence. What plans does the city have in place to ensure my safety and the safety of others during the upcoming spring? Swift and transparent communication is essential, especially in the face of potential hazards like severe ice jams.

In conclusion, I urge Mayor and Council to prioritize the best interests of constituents by actively seeking public input, addressing staffing concerns, and ensuring transparent communication on matters impacting the community's safety. I trust that you will give due attention to these concerns.

Sincerely,

Kim Biernaskie

TO: MAYOR AND COUNCIL

I am writing to Mayor & council due to concerns I have regarding the 2024 budget as this is the second year of raised taxes. I have questions and comments.

 When the provisional budget was being worked through did Mayor & council meet with the different department managers to work through the expenses, revenues and a direction moving forward when considering there is not enough money to operate with in the existing funds without raising taxes?
 When Mayor and council realized they were short on funds for 2024 budget ,what cost cutting measures where looked at rather than raising taxes?

3) Is Mayor and council giving Tax relief to developments occurring with in the city? Is there past tax relief programs that are still in effect?

4) Will Mayor & Council hold a public meeting in regard to the budget and also one on the direction forward with all the projects that are scheduled to take place as citizens are concerned about cost going up which has driven Taxes up.

5) Will Mayor & Council consider a hiring freeze? With possible lay offs?

6) Will Mayor & Council make the legal opinion that they requested available to the public?

Mayor & council I have bin to a few meetings and find them not a venue to get answers from questions I have and questions the average folks have. This city council has had a few people come and present well researched options for Council to consider. As I sat there listening to The speaker rave about the presentation it seemed to me the speaker was there to hear himself talk and present himself for the TV camera.

I really hope mayor & council can absorb these presentations that are brought to them and make use of them in some way. I have heard several citizens asking for a public meeting regarding the budget before it gets pushed through. I hope discussion can happen before the next meeting on Feb 16th. It also has bin mentioned at the council table ,"Oh you are the first to bring up cuts and no one wants cuts in services". Well, people are tired taxes of all kinds too. This statement shows me that this council has a disconnect with a-lot of the citizens of Dawson.

Mayor and council seriously have to look at cutting or taking some operations public. Maybe a public meeting or a mail out explaining why we need 40 + people to operate a town this size would clear up the town chatter. Maybe meeting with managers and staff to see if we can do more with less before drastic changes are needed.

Myself and alot of others have concerns & questions regarding recycling and curb-side pick up. Another reason to meet with the affected citizens. You may be relying on that questionnaire that was floating around last year regarding this topic. Well, it didn't ask the correct questions for the different subdivisions we have in Dawson. It's my opinion if you are going to govern based on surveys you will get it wrong every time.

One more item that personally bothers me is the councils take over of the chair position. Now I believe from what I hear and can find in the minutes there was legal opinion sought maybe more than one. This should be public info, this is not an in camera issue. Council used tax payers money to get an opinion for them. The public should have access to the opinion on removing the mayor from the chair and not just the CAO's interpretation of the lawyers legal opinion. With holding this from the citizens of Dawson make every one nervous and ask what are they hiding. Some of us have lived through this type of behaviour before and it all started with the little things.

I hope Mayor and council will seek more public input into the 2024 budget by actually connecting with the people of Dawson. I also hope my questions can also be answered in a timely manner. Thanks Rick Riemer
